I saw a YouTube community post claiming that the "Treehouse TV Asia" is available on a satellite television in the Philippines this January 2024. The user also made the continuities of "Treehouse TV Asia", which merely contains some of the promos of Cartoonito Asia, and uses the logo of Treehouse TV as an OSB. The user never acknowledge this as a fanmade, so he just making a hoax.

THIS IS FALSE! As of now, the Treehouse TV is only available in Canada and it doesn't have any international feeds. The channel DOESN'T EXIST in Southeast Asia or any other countries.

I will not post the evidence as of now.

 $\text{man} \times \text{days} = \text{man} \times \text{days}$
 $(12M+10W)15=(30M+25W) y \text{ days}$
 $2(6M+5W)15=5(6M+5W) \times (y) \text{ days}$
 $30=5y \text{ days}$
 $y=30/5=6 \text{ days.}$

$30/12=2.5$
 $25/10=2.5$
 Since there are 2.5 times more people working , the time should be $15/2.5=6$
